Hamlin, Texas
Dear Foster:

I want to extend my sincere personal thanks and the thanks of all of the people of Lorraine to you, your able school board and all the fine people of Hamlin for the very effective way you handled the arrangement for our football game with Knox City. We appreciate the use of your excellent facilities and the cordial welcome and treatment from your merchants and citizens.

We in Lorraine shall long remember the splendid hospitality of our friends in Hamlin. If we may ever be of service to you feel free to call upon us. We would welcome the opportunity.

I will be looking forward to seeing you, Foster, in Austin at the January conference. When you have the opportunity come to see me in Lorraine.

Cordially yours,
J. B. Cushing,

Editor,
The Hamlin Herald
Hamlin, Texas
Dear Sir:

On the behalf of the Knox City students and fans who attended the football game between Knox City and Lorraine, which was played on the Hamlin School Football field, I would like to thank the Hamlin school officials, students, and patrons who extended every courtesy to us, and especially to thank the Boy Scouts for acting as ushers. We would have had a difficult time finding our reserved seats without the help of the Scouts.

Yours truly,
Paul Hoge

Another Hamlin business has expanded and moved to a new and larger building. Joe Hudspeth's tire and appliance store certainly is to be complimented for the addition of such a fine building to our town. The facilities and services offered now could not be paralleled in some towns much larger than Hamlin. Congratulations, Joe, we offer you our support and thank you for giving our trade territory an enlarged place to shop.

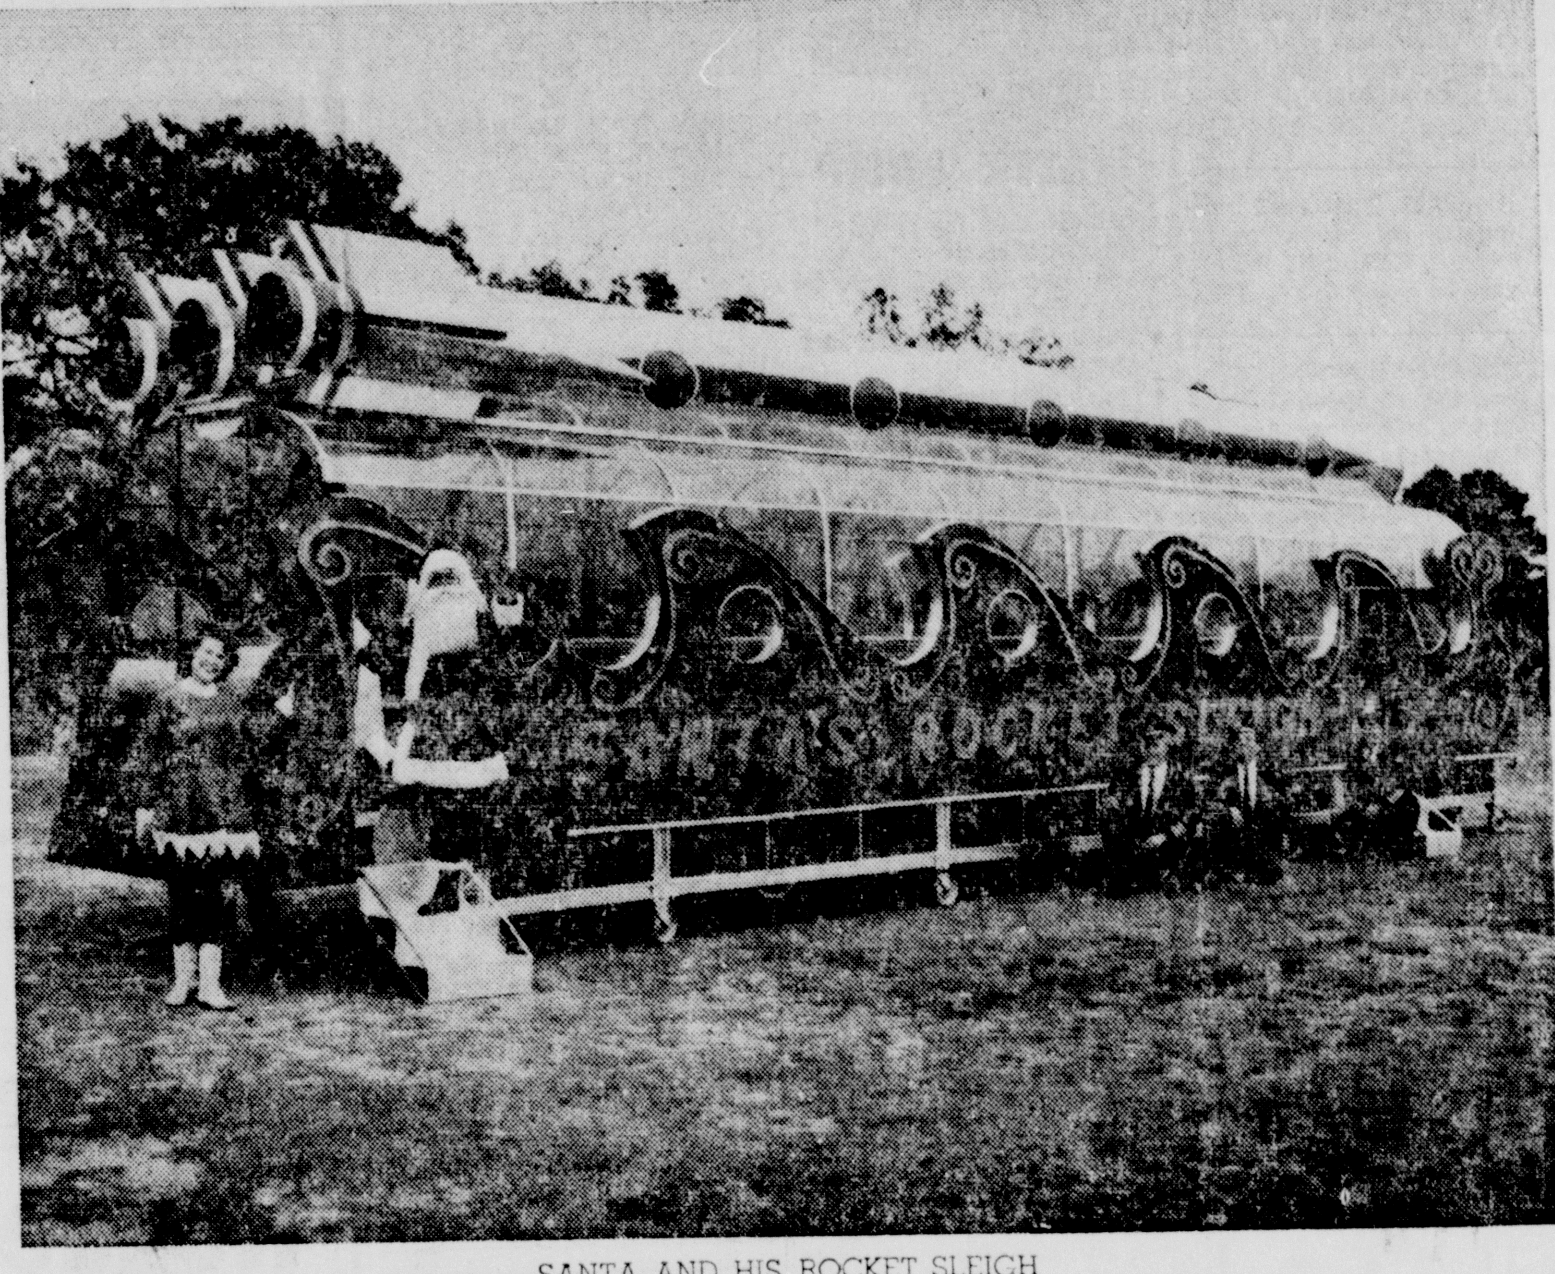

Carl Murrell Chevrolet is also expanding and announcing the operation of a new sales location on the corner of South-east Avenue A and Second Street. The new structure by Childers Manufacturing Company is of modern design. We commend Carl Murrell for adding another asset to our community.

Midwest REA Mailing Refund Checks to Patrons

Midwest Electric Cooperative, Inc., with offices in Roby and Snyder, has announced that \$92,501.88 in "Capital Credits" refund checks will be mailed the first week in December, 1962. These checks will go to members who were receiving electric power from Midwest Electric Cooperative in 1956.

Under the Cooperative "Capital Credits Plan," all "margins" (money taken in above the actual cost of operation) are set up as "reserve funds." These funds are to finance reconstruction of the Co-ops electrical system should it be damaged or destroyed by such natural disasters as ice storms and etc.

These "margins" are held for a prescribed number of years and then refunded on a revolving basis to the people from whom they came, the Co-op members.

This is the fifth "Capital Credits" refunds to be made by Midwest Electric. The amount of the net margins returned by Midwest Electric Cooperative including the refund now being made, totals \$287,228.00.

JONES COUNTY BEHIND ON SCREWORM PROGRAM FUNDS

Jones County is still short on Funds for the Screwworm Eradication Program, according to Charlie Myatt, who is Chairman of the Jones County Animal Health Committee. We must remember, says Myatt, that the ultimate success of the Screwworm Eradication Program is dependent on local producer cooperation.

Chairman Myatt urges producers to: 1. Carefully inspect animals and report all suspected cases 2. Use regular preventative treatment and to treat all wounds 3. Transport only screwworm free livestock and 4. Keep informed about the progress of the program and about measures that can be taken to strengthen it 5. Make a con-

Underwood's wide range of portable, standard and electric typewriters, adding machines, calculators, accounting machines and tape-to-card converters is assurance that the Underwood Representative is uniquely able to match the machine to the job, free from pressure to sell a machine that's too much for the job or too little.

FAIRVIEW NEWS

By MRS. ELMER JOINER

The sun is shining this morning after being behind clouds for days and days, a light rain fell Sunday morning, but everything is still green. It is December and still no killing frost, makes it real hard on the farmers that still have their cotton in the field, waiting to machine harvest it.

Some are even wondering if old Santa can find them if the cotton is still in the field. There must be some connection between cotton and Santa Claus, you might have to ask the old gentleman himself for the answer.

Owing to the bad weather and other things, attendance at church was light Sunday.

The pastor brought another good message Sunday night, in the series of Baptist Doctrine sermons.

Mr. and Mrs. T. E. Dixon spent Monday night with Mr. and Mrs. Elmer Joiner. They were enroute from Dallas where their little granddaughter has been seriously ill in Baylor Hospital, to Carlsbad, New Mexico. They came back Wednesday night, having brought the two brothers to see the ill sister and parents. Up to that time no improvement had been made in the child's condition, but a call to Dallas told them that she was improved, another call Friday night from Mrs. Dixon said that even the doctors at that hospital, used to seeing everything, were just astounded at the rapid improvement being made and they were sure that she was well on the road to recovery.

We are sorry to report that Mr. G. W. Wainscott is back in the Stamford Hospital very ill. All of his children are here and since he is ninety-two years old, they are very concerned about him.

Mr. and Mrs. Jack Wright are happy over the arrival of a son, named Keenan Dale, born Saturday at the Hamlin Hospital, and weighing seven pounds and fifteen ounces. They have another child, Melinda Kay, who is almost four years old. Grandparents are Mr. and Mrs. G. P. Wright and Mr. and Mrs. Flavil Holmes.

Mr. and Mrs. Mel Jones visited his ill brother, Newman Jones, of Stamford, Friday afternoon. Mr. Jones has been critically ill for some time.

Ronald Joiner spent last week with his grandparents, Mr. and Mrs. Bailey Meeks and the Elmer Joiners.

Leonard Meeks, brother of Mrs. Jimmy Joiner, had surgery in Hamlin Hospital last Wednesday and at this time is recovering nicely.

Mr. and Mrs. E. A. Henry are announcing their Golden Wedding celebration to be held Sunday, December 30, in Snyder, at their son's home, Mr. and Mrs. Clois Henry. They are inviting all of their friends to come and since Snyder is just a hop and a skip away, we all expect to be there to help them celebrate fifty years of happiness together.

Mr. and Mrs. Winson Gray visited with Mr. and Mrs. Mel Jones Saturday night.

Mr. and Mrs. Woodrow Goodwin and Linda had as their guests last Monday night, his sister, Mr. and Mrs. Roy Boaz, who are on an extended visit with their many relatives in Texas, and other places.

Mr. and Mrs. Joe Ford spent Sunday with their son and family, the H. L. Fords.

Mr. and Mrs. John Beauchamp and Debra, visited Saturday night with Mr. and Mrs. Henry.

Linda Goodwin spent the night Thursday night with Jeannie Young of Hamlin, and they attended the Football Sweetheart Banquet at the Primary School.

Mrs. Will Fomby, who fell and broke her hip last weekend, stood the surgery Monday as well as could be expected, and at this time her condition seems to be satisfactory, but at her age the shock of such a bad break takes a toll of her strength, so only time can tell how she will respond. Our sincere sympathy goes to her and her family. Mrs. Fomby is one of our few remaining beloved pioneers of our community.

The Grays and Goodwins attended the singing at Hanna Sunday afternoon.

Mr. and Mrs. Jimmy Joiner and children and the Woodrow Goodwins, visited with Mr. and Mrs. Elmer Joiner Friday night.

The serving table was covered with a full length gathered skirt of white net over satin. An arrangement of huge white Chrysanthemums and gladioli

in a silver container and crystal appointments completed the table decor.

Assisting Mrs. Ferguson as hostess were Mmes. Nelson Shave, Bernie Cumbie, Holly Toler, Weldon Johnson, E. N. Jenkins, Thomas Ferguson, B. V. Newberry, J. J. Crawford, C. L. Howard, Henry Albritton, Dean Witt, Ed Croan, Noel Weaver, Foster Cook, Ben Parker. Others in the house-party were Mrs. Jerry Fred Jay and Donna Croan.

The couple will be married in the First Baptist Church.

The Old Glory Variety Club met Tuesday in the home of Mrs. T. E. Beil. Officers for 1963 were elected as follows: President, Mrs. Herman Dugan; Vice President, Mrs. John Duncan; Secretary-Treasurer, Mrs. Ansel Sawyers; Assistant Secretary-Treasurer, Mrs. Ben Hertenberger; Recreation Leader, Mrs. Bob Hunt; Chaplain, Mrs. Lynn Flowers and reporter, Mrs. Lynn Flowers.

The Christmas party will be held on December 15 in the home of Mrs. Charlie Letz. Gifts for "Club Pals" will be exchanged and new pals for the next year will be drawn.

A delicious refreshment plate was served by the hostess to thirteen members, four children and two visitors. The visitors were Mrs. George Lewis of Comanche and mother of Mrs. Herman Dugan and Mrs. Eddie Mathews of Old Glory, 4-H.

Mr. Truett Hennig, Stone-wall County Agricultural Agent, has announced that Monday, December 17, he and four Old Glory club members will be guests on Harry Holt's TV Program which originates at Abilene. The program time is 6:30, so please plan to watch and see Mr. Hennig, Sharon Leverett, Billie Ann Valenkamp, Nancy Vahlenkamp and Stanley Diers.

SCHOOL

Plans are to repeat something started last year, the decorating of the doors of the classrooms. The various grades and classes and organizations decorate the doors which adds so much to the holiday spirit and makes the hall so much more cheerful and attractive. Also it gives a chance for the students to express their creativeness.

Mrs. Cecil Klump attended a Student Activities Conference at Abilene Christian College Saturday. It is sponsored by the Interscholastic League of Texas and prepares the coaches and students for contest work. Also attending from Old Glory School were Larry Quade and Marva Jean Dudensing.

Old Glory Grade School basketball teams went to Peacock last Monday night where they encountered the "Peacock Peafowls." Both boys and girls teams defeated the Peacock teams.

Old Glory High School Girl's Basketball team participated in the Basketball Tournament conducted at Dyess Air Base last week. They played their first game against Sundown and were defeated by twenty-one points. Sundown was picked to win the tournament and did. Old Glory played Coleman then on Friday and lost to them by only three points.

Last week on Thursday night the Old Glory High School Boy's and Girl's Basketball teams met the Girard teams at Old Glory. Our girls came out winners, but the boys lost.

Work has begun Monday on the all-school Christmas program. Mrs. Eddie Mathews, third and fourth grade teacher, is chairman and will be assisted by Mrs. Travis Beil and Mrs. F. E. Pritchard. The chorus will be composed of students from high school. Larry Quade will be the pianist for the program.

Three seniors girls, Sophia Vargas, Billie Ann Vahlenkamp and Sharon Leverett, took the Betty Crocker "Homemaker of Tomorrow" test on Tuesday. Senior girls across the nation take the test on Dec. 4. The test is prepared and graded by Science Research Association for Betty Crocker who is the sponsor of the contest.

SAN ANTONIO FIRM GIVEN CONTRACT FOR AREA ROAD WORK

Cage Bros. of San Antonio will begin highway construction work in this area this week. A contract in the amount of \$240,923.54 was awarded them by the Texas Highway Department on November 23, 1962 for construction work on F.M. 610 in Fisher and Stonewall Counties. This contract work is to be completed in 120 working days, and will be under the supervision of Nelson Shave of Hamlin, Senior Resident Engineer of the Texas Highway Department.

The Stonewall County section begins at the intersection of FM Highway 610 and US Highway 83 in Aspermont and extends 10 miles southwest along the existing route. Plans provide for rebuilding the grading, structures, base, and two course asphalt surface treatment.

The Fisher County section begins at the intersection of FM Highway 160 and State Highway 70 and extends east along the existing route a distance of 1.5 miles to the Stonewall County line.

Plans for rebuilding the grading, structures, base and two course asphalt surface treatment. The drainage will be improved by installing larger structures in the overflow sections.

Authorization for this work was made in December 1961 under the 1962 Farm to Market Improvement Program.

Cooperation of the public is requested in obeying all signals, warning signs and speed zones.

Monday night, December 10, the annual High School Football banquet will be held in the High School Gymnasium at 7:00.

Billie Blankinship, head pep squad majorette, will serve as mistress of ceremonies for the occasion. The highlight of the banquet will be the revealing of the football hero and football sweetheart.

Five Hamlin students will go to Lubbock Saturday for the district "Make-It-With-Wool" contest. Those attending will be Judy Fitzgerald, Anna Adams, Joyce Smith, Sue Johnson and Connie Duncan. If successful in winning at Lubbock Saturday they will go to the state contest in Austin. These five girls were the winners in the

recent county contest held at Hamlin last week.

The National Honor Society met last Wednesday at noon to discuss plans for a bake sale and a Christmas party. It was decided to hold the Christmas party in the home of Gloria Jenkins on December 11.

Also new members were welcomed to the National Honor Society as this was the first meeting for the new members.

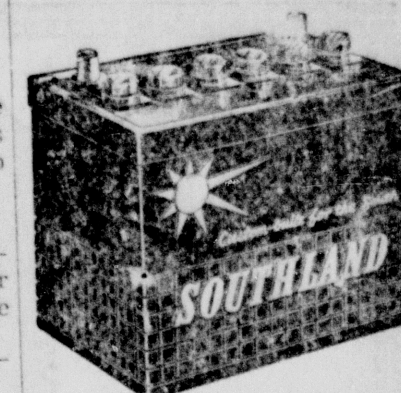

-hhs-

The senior class with 56% of its 41 students, again led the honor roll percentages. Of the juniors, 52% made the honor roll. Thirty-eight per cent of the sophomore class of 66 students were listed on the honor roll. The Freshmen class was lowest with only 19% of the 73 students making the honor roll.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex., — Twenty changes in Texas' two per cent sales tax law are recommended by the Texas Commission on State and Local Tax Policy. Some changes would result in decreased revenue and some would mean an increase. But the total outcome of a legislative put-and-take would produce an additional \$10,500,000 a year from a tax that is expected to bring \$170,000,000 into state coffers this year.

Sen. George Parkhouse of Dallas is chairman of the commission. Other members are Hugo H. Loewenstern of Amarillo; Dr. John R. Stockton of Austin, Senators Louis Crump of San Saba and Jop S. Fuller of Port Arthur; Representatives Charles Sandahl of Austin and Charles Wilson of Trinity.

Parkhouse predicted that if spending in the next biennium is in line with the present level, no additional taxes would have to be levied.

A large addition to income—if recommendations are adopted—would come from applying the state sales tax to motor vehicle sales in place of the selective exercise tax now levied on vehicles.

Commission recommended repeal of the exemption of farm machinery and equipment, but suggested that feed for farm animals; herbicides, defoliants, and desiccants, and all fertilizer be exempt.

Some other recommendations were:

1. Apply sales tax to all clothing sales, which would up revenue \$10,000,000 a year.
2. Exempt vending machine sales of less than 25 cents, and all sales of less than 25 cents for retailers who derive 50 per cent of receipts from such sales.
3. Exempt sales made to the state banks, since sales to national banks are exempt.
4. Exempt all sales of alcoholic beverages.
5. Permit grocery stores to pay sales tax in proportion to purchases of taxable and non-taxable items. Grocers with annual receipts of less than \$100,000 would pay sales tax on the assumption that 85 per cent of receipts are from exempt items.

ELECTION CHANGES—The Election Law Study Committee released a 221-page report on proposed changes in Texas election laws.

Sen. Tom Creighton of Mineral Wells, chairman of the committee, said the main goal is to remove conflicts and deficiencies from the present code. The more palatable suggestions will be included in one bill for legislative consideration. More controversial items will be presented separately.

Public will have a chance to challenge the proposals on December 6 and 7 when an open hearing will be held in the Senate chamber. Committee also will hold hearings at that time on a voter registration law and a proposal to change the dates of primary elections.

Some of the 120 proposed amendments concern:

1. Having voters check preferred candidates on paper ballots, instead of scratching those opposed.
2. Requiring write-in nominees and runoff candidates to pay the same fees as other candidates.
3. Fining voters who cast a ballot in one party primary and then vote in the runoff of another party.
4. Requiring campaign expense reports by newspapers, magazines, billboards, printers, radio and TV stations, on all advertising contracts.
5. Requiring all voters over

60 years of age to get annual exemptions.

6. Permitting different parties to hold primaries in the same building, as long as there is no means of direct passage between polls.

SAFETY STRESSED—Governor Daniel has proclaimed December 9 as "Safety Sunday" in an effort to stress the hazards of holiday traffic.

He recalled that highway collisions in the state in 1961 took 2,314 lives. They caused 132,000 injuries and a loss of \$356,000,000 worth of property.

Each Christmas-New Year's holiday from 1954 through 1957 averaged 106 traffic deaths. From 1958-61, when safety campaigns were conducted, there were 23 fewer traffic deaths.

HUNTING DEATHS—Cecil Reid, of the Sportsmen's Clubs of Texas urges hunters to put a stop to a tragic string of hunting deaths and injuries by practicing caution in the field.

He cites three recent deaths where hunters were mistaken for game and killed.

Reid said no hunter should allow himself to shoot at anything which he has not identified as game.

He urges hunters to request passage of legislation such as the "careless and reckless hunting" laws in effect in some other states.

COURT OVERRULES COMMISSION — Texas Supreme Court has negated an order of the Railroad Commission and revoked a specialized motor carrier permit to transport road building materials granted Lively Trucking Contractors.

Decision to vacate the commission's order was made on the basis that findings on which the permit was based was insufficient.

In a concurring opinion, Associate Justice Joe Greenhill criticized the Railroad Com-

mission's use of a printed form of "standard" findings-of-facts on which an order is based; filling in date, names and authority.

He called this "a lack of procedural due process of law."

BRACERO CALLS DOWN—Texas cotton farmers reacted to a U. S. Department of Labor wage standard of 70-cents an hour, for braceros hired to chop cotton, by resorting to almost exclusively machine harvesting.

While 45,000 Mexican contract laborers were hired in August of 1961, only 16,000 were used in August this year, and they also harvested vegetables and grain.

BOOST EDUCATION—Beating the drums for top quality in higher education is the privately financed Committee of Governing Boards of State Colleges and Universities.

Its membership consists of one representative from each of the 19 bodies which direct the institutions of higher learning in Texas.

These are business men. They stress the economic angle of education.

Texas must industrialize, they say, to insure our future prosperity. To get industry, we must have excellence in higher education.

Supporting that thesis, they quote such authorities as Governor-elect John Connally, Defense Secretary Robert McNamara and John R. Stockton, director of the Bureau of Business Research, University of Texas.

These experts agree that industry follows brainpower, and will go where brainpower is available.

Presently, Texas is lagging.

In the 12 months ending on May 1962, the number of persons receiving monthly disability checks under social security rose from 897 thousand to 1.1 million.

Mommie ... They want me to come to church."

Yes, Mommie, they do want her in church, for in the church, they have a place for all ages. No child is too young to learn. This also provides you an opportunity to worship and give undivided attention to church services.

"Train up a child in the way he should go: and when he is old, he will not depart from it."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
